

wtf Guys,
Are you telling me that a Combat Vet from the First Gulf War has no right to pay
for what he wants. I want my xm as it is now with news and traffic. Come on the
xm is not bothering no one at all. I pay for xm. Who gives you the right to say
what I pay for??? Go way to pest. Maybe us xm people should send YOUR ASS TO
IRAQ. Maybe after you get shot at you will finally understand what freedom is
and how you are trying to take my right
away!!
